● Last day for Registering: 22 April, 2023

Why mobile based data collection?

- Convenient and User friendly
- Uses Smartphones with wide range of data input options
- Photos, audio, videos, geo coordinates and bar codes can be captured
- Ensures clean data
- Open Source (free) and secure
- Can extract data to excel sheets

Who can attend?

Faculty, residents, students, researchers, data entry operators or anyone dealing with data collection and data entry

Workshop Schedule	
28-04-2023, Friday	
Time	Session
8:30- 9:00	Registration
